

SPIN SCREED®

Spin Screed® Power Heads

- World's first lightweight power roller screed
- Easy to use design that saves time and labor
- Unlike vibrating screeds, aggregate remains near the surface producing a higher quality, more durable slab
- **Corded Screed Assembly Includes:**
 - Corded Drill (10 amp Makita Right Angle Drill)
 - Dead End T-Handle
 - Impact Socket Adapter
 - Live and Dead Ends
- **Battery Powered Screed Assembly Includes:**
 - Battery Operated Cordless Drill (36V Makita Right Angle drill)
 - Four 18V 5.0 ah Makita Batteries
 - Dual Battery Charger (estimated charge time for 2 batteries – 30 minutes)
 - Dead End T-Handle
 - Impact Socket Adapter
 - Live and Dead Ends
- **Gas Powered Screed Assembly Includes:**
 - Honda® GX35 4 Stroke Engine
 - Dead End T-Handle
 - Impact Socket Adapter
 - Live and Dead Ends
- All three power heads can be purchased alone
- Battery Powered Screed Assembly and Battery Powered Power Head can be purchased without the batteries and charger

Spin Screed® Pipes

- Seamless aluminum alloy pipe
- Various sizes that can be easily cut down to specific lengths for special jobs

EDI	Part#	Description
28714	SPNRPH	Corded Power Head
28716	SPNRSSAD	Corded Screed Assembly
28669	SPNRSSA18V	Battery Operated Screed Assembly
28697	SPNRSS18V	Battery Operated Power Head
29747	SPNRSSA18V-INT	Battery Operated Screed Assembly (Batteries not included)
29748	SPNRSS18V-INT	Battery Operated Power Head (Batteries not included)
29592	SPNRSSAGAS	Gas Powered Screed Assembly
29587	SPNRSSGAS	Gas Powered Power Head

Spin Screed® Pipes

EDI	Part#	Description
28767	SPNP4	4 ft. (1.2 M) Tube
28765	SPNP6	6 ft. (1.8 M) Tube
28763	SPNP8	8 ft. (2.4 M) Tube
28761	SPNP10	10 ft. (3.0 M) Tube
28759	SPNP12	12 ft. (3.7 M) Tube
28757	SPNP14	14 ft. (4.3 M) Tube
28755	SPNP16	16 ft. (4.9 M) Tube
28753	SPNP18	18 ft. (5.5 M) Tube
28751	SPNP20	20 ft. (6.1 M) Tube
28750	SPNP22	22 ft. (6.7 M) Tube

Dead End T-Handle

- Used on Dead End of aluminum pipe
- Easily connects and disconnects with Quick Disconnect Pin (28748)

28698

EDI	Part#	Description
28698	SPNDH	Dead End T-Handle

Impact Socket Adapter

- Used to connect the Live End to the Spin Screed® Drill Assembly
- Comes with special disconnect tool for quick removal

EDI	Part#	Description
28729	SPNISA	Impact Socket Adapter

Wall Hugger Insert & Circular Pour Pivot Point Adapter

- Wall Hugger Insert can be installed on any Spin Screed® aluminum pipe so that concrete/epoxy mix can be screeded within 3/8" of existing wall
- Circular Pour Pivot Point Adapter is used on circular pours, attaches to Spin Screed® Dead End

28732

28730

EDI	Part#	Description
28730	SPNWHI	Wall Hugger Insert
28732	SPNPPA	Circular Pour Pivot Point Adapter

Quick Disconnect Pin

- Used on Dead End of Spin Screed® allowing the T-Handle to stay fastened securely

EDI	Part#	Description
28748	SPNQDP	Quick Disconnect Pin

18V Battery 2-Pack & Battery Charger

- For use with Spin Screed® cordless unit

28670

28671

EDI	Part#	Description
28670	SPN18VBAT	18V Battery 2-Pack
28671	SPN18VCHGR	Battery Charger

Live & Dead End Pipe Adapters

- Used on either side of Spin Screed® aluminum pipe
- Live End Pipe Adapter used on end with Spin Screed® Power Unit
- Dead End Pipe Adapter used on end with T-Handle or Rope Quick Coupling

28742

28744

EDI	Part#	Description
28742	SPNLE	Live End Pipe Adapter
28744	SPNDE	Dead End Pipe Adapter
28728	SPNLDE	Set of Live & Dead Ends (1)
